ABOUT US

A BRIEF OVERVIEW

Founded in 1994 by Craig DeGarmo, DeGarmo Plumbing & Piping Inc. is a full-service plumbing and piping contractor specializing in commercial, residential and health care facilities. Headquartered in Janesville, Wisconsin, DPPI operates out of an 8,000 square-foot fabrication shop/warehouse and employs up to 20 plumbing and piping professionals.

In addition to our commercial plumbing and piping division, DPPI has dedicated, licensed, full-time service professionals with fully stocked maintenance vehicles. From clogs and leaks to water heater and fixture installations, we repair or replace

the plumbing in your home or business with prompt, efficient and courteous service. Our maintenance vehicles are stocked with disposals, toilets, faucets and a variety of parts to serve everyday and emergency plumbing repairs (*see below*).

OUR SERVICES

RESIDENTIAL & COMMERCIAL

Consider us for your next plumbing repair or replacement.

Our wide array of services include:

- Faucet and Fixture Repair and Replacement
- Dishwasher and Ice Maker Repair and Replacement
- Water Heater and Softener Service and Replacement
- Drain Cleaning
- Gas and Air Piping Repair and Alterations
- Back Flow/Cross Control Connection Testing and Maintenance
- ASME Pressure Vessel Welding
- Boiler Repair and Replacement

RENOVATIONS AND ADDITIONS FOR HOME AND OFFICE

Whether you are remodeling your home or business, we can help you design, build, install and inspect your plumbing systems for the project. We also offer installation and repair of sanitary waste, vent, storm and water distribution systems.

PLUMBING REPAIR AND REPLACEMENT FOR HOME AND OFFICE

We can service most faucets and fixtures, including toilets, sinks, showers, tubs, water heaters and hose bibs. We install and replace dishwashers, garbage disposals, sump pumps and grease traps. We also offer drain cleaning and camera services.

PIPING REPAIR AND REPLACEMENT FOR HOME AND OFFICE

DPPI troubleshoots challenging water systems to find and fix sewer gas odor, frozen water lines, and leaky pipes that are tough to locate. Our licensed plumbers and pipe fitters are on hand to fix, replace, and solder parts for all types of piping systems.

BACKFLOW/ CROSS CONTROL CONNECTION TESTING

DPPI tests, services and maintains all types of backflow preventers at your business to eliminate the possibility of contaminated fluids entering your water supply systems.

“Our philosophy is to leverage our extensive knowledge and experience, build strong customer relationships and deliver service beyond expectation on every job.”

—Craig DeGarmo, DPPI President

HIGH QUALITY CRAFTSMANSHIP

Whether it is your home or office, quality craftsmanship is our standard. You can always count on us to get the job done right.

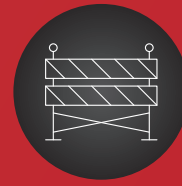

EXPERIENCED PROFESSIONALS

All DPPI employees are licensed and participate in advanced training and continuing education on an annual basis.

CERTIFIED AND INSURED

DPPI is certified by ISNetworld®, a safe, qualified contractor, ensuring verified safety standards and performance.

SAFETY IS OUR PRIORITY

All DPPI employees undergo a 30-hour OSHA course and are required to pass quarterly, safety tests to comply with OSHA standards.
